

Crunchtime Labels

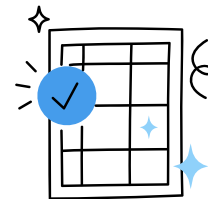

FOOD PREP LABELING & EXPIRATION MANAGEMENT

Ensure that products are labeled with the correct expiration dates/times, details, and allergen information

Save employees 30+ minutes per store per day

Confirm that stores are doing prep work correctly and on time

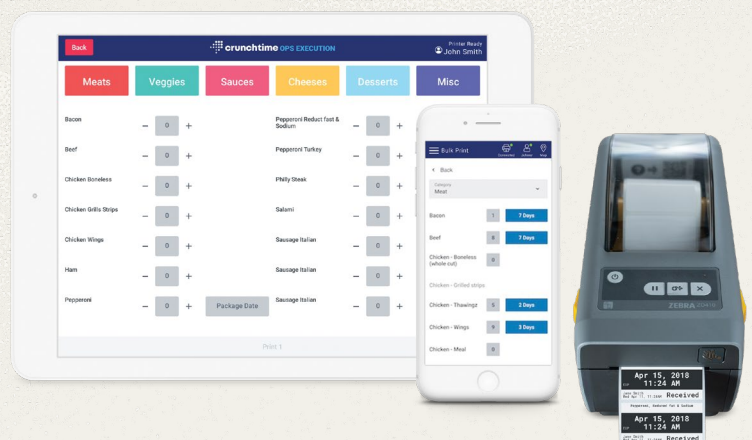

Crunchtime Labels is much easier to manage than our previous labeling system. We have a lot more bulk upload features than I'm accustomed to, so my time of managing shelf life and labels has been seriously reduced.

Capabilities

An integrated part of the Crunchtime Ops Execution platform

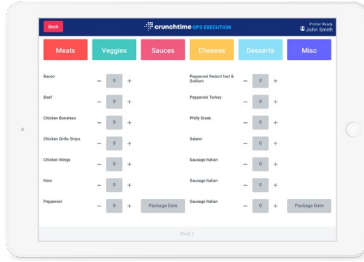

-  Automatic calculation of expiration dates/times eliminates human error
-  Centralized ingredient catalogue is always up-to-date in every store
-  Real-time reporting shows whether prep-labeling is done correctly and on time

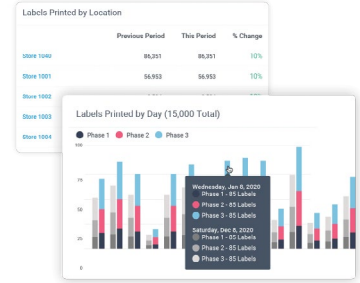

How it works

Stores install internet-connected label printer and labels

Employees use the Labels app to print labels with accurate information

Reporting gives operators insights into food prep in each store

Features

Printer

Zebra ZD410 Direct Thermal Printer

- Thermal Printer (no ink required)
- Bluetooth 4.1 connectivity
- Print speed: 360 labels/minute
- Ultra-compact design for space-constrained areas

Labels

- Available in 1" x 1" or 2" x 1"
- Loose-adhesive or dissolvable labels
- Stores can reorder labels directly from the app

Protection

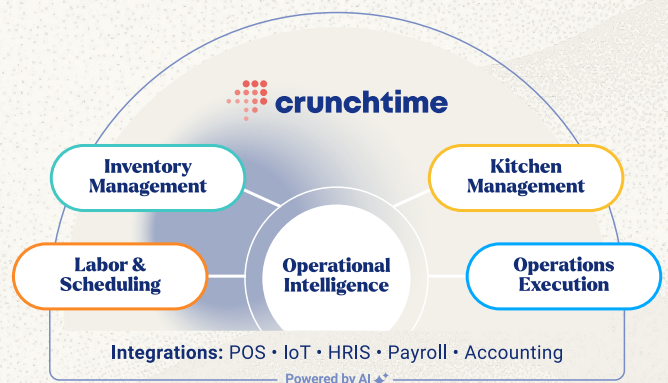

- 1-Year hardware warranty
- Extended warranty and technical support available for purchase

Crunchtime helps multi-unit restaurants operate every location like their best one. Trusted by 850+ brands across 150,000+ locations worldwide, Crunchtime connects the full operations management lifecycle across inventory management, labor and scheduling, kitchen management, and operations execution, in the industry's only complete, AI-powered suite.
